

GENERAL SAILING INSTRUCTIONS

Hard copy is available in the *Race Management Handbook* in the Club.

The on-the-water rules are broadly as before, but there have been some changes, notably to the entry arrangements. The main differences are:

Signing On

You must complete the Entry sheet at least 15 minutes before the start. The RO might be willing to accept an entry after that, but only if you report to him to complete the form.

The Entry form also requires you to state the name of your crew, and how many on board are under 18.

If you have a non-member on board his name and address must be in the Visitors' book at either ESC or ESSC. If he is under 18 he must have lodged a valid junior declaration at one of the clubs, even if he is a non-member.

Retirements

If you are retiring you should inform a Patrol Boat if possible.

Rules Disputes

Additional, less formal, procedures are available for hearings – see separate notice regarding the [RYA Charter](#).
